ABOUT

A marketer by training.
A photojournalist by craft.

Before the camera, I was a **B2B sales and marketing executive** in technology, running trade shows, events, trade marketing and branding with major agencies. I represented brands at **CES (Las Vegas)** and the **Canton Fair (China)**.

My technique comes from **photojournalism** for g1 and EPTV (Globo, Brazil's largest media group). Today I am the **official HYROX photographer in Brazil, via Sportograf**, and lead audiovisual crews on brand activations for **Red Bull, Puma, Amazfit and Adidas** as an agency supplier.
